Who was Hatton W. Sumners?

From 1912 to 1947, Mr. Sumners represented Texas in the U.S. House of Representatives where he became Chairman of the House Judiciary Committee. Mr. Sumners saw a well informed and perceptive citizenry as essential to preserving democracy, and strong state and local governments as essential to balance the growing influence of the national government. In 1949 he established the Hatton W. Sumners Foundation for the study and teaching of the science of self-government and, following his death in 1962, left most of his estate to the Foundation to carry forward his vision. The MPA program at the University of North Texas is pleased to participate with the Foundation in promoting Mr. Sumners’ belief in the value of effective leadership to preserving democracy and the urgency of preparing public servants committed to that goal.
INSTRUCTIONS: As of December 1, UNT has centralized scholarship applications. As we transition to this new digital format, all students must complete the online scholarship application and submit this paper application to ensure full consideration. The General Scholarship Application is available at https://unt.academicworks.com/. Recipients of a Sumners Scholarship must be enrolled full-time (9 hours per semester) in the MPA program. While students may apply for other departmental scholarships, our policy is to limit departmental awards to one per student.
